Attachments: Push Probe Investigation-6-2-11.pdf

Hi Pete and Sarah,

Attached is a report regarding the Genuine Parts site. I haven't received the hard copy yet but I wanted to share it with you (it's not in VFC yet). I'm still formulating my response to both the Request for Revised RWP Approval as well as the Technical Response to the General Notice of Potential Liability that was sent to the EPA. I was planning on sending the response letter well in advance of the 6/16/11 EPA meeting but now it seems to be quickly approaching and I've not finished the letter. I would like to encourage a Michigan Plaza representative to be at the EPA meeting this Thursday – Shelly Lam with EPA told me that a representative for Michigan Plaza will not be in attendance. IDEM will be teleconferencing in for the meeting and as I understand it, representatives for Allison Transmission and Genuine Parts will be at the meeting.

I'm going to try to finish up the letter in the next couple days. If you have any questions for me in the meantime, please let me know.

Thanks,

Erin Brittain

Erin,

Attached is a letter report describing the findings of the push probe investigation completed in the area of MW-170D. We will also provide two hard copies by regular mail. Let me know if you have any questions regarding the report. Thanks,

Andrew A. Gremos, LPG, CHMM | Principal Consultant
